

Ikon Pro 45mm kit IP67 1.5W SW rgb recessed - polished stainless steel

59138
 59138

The Ikon Pro extends the Ikon recessed decking kit range, with its unique design of removable and interchangeable heads. The new Fresnel lenses improve lumen output, diffusing the spread of light evenly. Designed to be fitted and wired during the decking build stage without the heads. The supplied rubber caps protect the fitting from the elements until the decking is complete. Each individual IP67 head easily connects and can be placed into position quickly, adding the final touches to the decking design. There are three head sizes to choose from for the RGB kit. Plain blue and white options are also available in different sizes

- Low maintenance costs
- LEDs with cool running temperature
- Low energy consumption, high light output
- Suitable for indoor or outdoor use
- Extremely low profile design is discreet and attractive
- Dimmable
