

Product Code: QEP5812T

Luckinslive 406926348

Description: 5/8" Threaded Earth Rod - 1200mm

**Dimensions**

| | |
|--------------------|----------------|
| Length (mm) | 1200 |
| Thread Length (mm) | 30 (Both Ends) |
| Diameter (Inch) | 5/8 |
| Diameter (mm) | 14.2 |

General Information

| | |
|-------------------|-------------|
| Coating Thickness | >25 Microns |
|-------------------|-------------|

Materials

Material: Low carbon, high tensile strength (600N² minimum) steel core with a >25-micron coating of molecular bonded 99.9% pure electrolytic copper

Additional Information

To join more rods together the coupler (QEP58TC) is required
Not suitable for lightning protection

Standards

BS EN IEC 62561-2:2018
BS 7430
